

Group 27 Canada, OH, & Daviess Co., KY

James J. Blan (1861-1912), who married Sylvesta Betty O'Neill, was, according to family lore, b. in either KY, England, or Canada, adopted by a Canadian family and lived on a dairy farm in OH.

DNA participants in this group are two half-brothers:

Steven Earl Johnson

Stephen Earl Blan

The brothers also had matches with the surnames Picketts (1) and Edens (2). It is possible, of course, that either name could be the original paternal surname.
